WATER DIVISION No. 4
ROCK SPRINGS, WYOMING

Rock Springs, Wyoming.

June 29, 1936

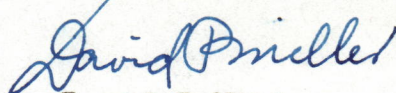

Mr. T. H. Humpherys,
State Engineer,
Salt Lake City, Utah.

Dear Mr. Humpherys:

Mr. Welch of Burnt Fork was in to see me this morning, and he informs me that D. C. Jensen has returned to his ranch after an absence of several days. Mr. Jensen has evidently learned that he is to be arrested if he is caught in the State of Utah, so he now stays at his place in Wyoming, and now sends his son to cut the ditches as he had been doing previously. On the afternoon of June 27th the son was observed by several witnesses to be cutting the Baldy Springs ditch, and was held for a time until Mr. Bullock called Coalville, to see if the boy should be brought in, but Mr. Bullock was advised by the Sheriff of Summitt Co. to wait and arrest Jensen himself.

It would seem that Jensen himself will not now cross the State Line, and if he is to be taken into custody he will have to be extradited, along the line of procedure outlined in your letter to me of June 12. Mr. Welch asked me to write this letter to you in the hope that this man may be placed in custody, and some measure of law and order return to the Burnt Fork valley.

Yours very truly,

David P. Miller
